

INTRODUCTION

As part of technical improvement, GNS1301 is available in a new H/W version

TECHNICAL BACKGROUND

An internal was no longer available and had to be replaced by a follow-up component. As part of this technical redesign, other minor changes have been made to optimize the manufacturing process.

COMPATIBILITY

The new GNS1301 hardware can replace any earlier GNS1301 hardware version without compatibility issues.

IMPORTANT NOTE

For production reasons, it was necessary to replace the product label with a laser imprint. Please take this detail into consideration.

GNS1301 PREVIOUS HARDWARE

GNS1301 NEW HARDWARE

TIME SCHEDULE

The new hardware version (GNS1301 / part# **4037735104761**) is available from production week 21, 2018.

DATASHEET REVISION

A new revision of the datasheet is available:
